

COVID-19 UPDATE

November 12, 2020

Dear Employees of Splendido,

INDEPENDENT LIVING UPDATE:

We wanted to inform you that we learned late yesterday, November 11, 2020, that **two employees in Independent Living have tested positive for the Coronavirus disease (COVID-19)**. These employees are recovering at home and following guidance from their physicians. We wish them a speedy recovery. Splendido is interviewing these individuals to determine if either of them was in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes).

TESTING EMPLOYEES

With Pima County seeing a steady rise in cases, Splendido will test employees who work in Independent Living. This is a proactive measure to identify any employees who may be asymptomatic.

PAUSING INDOOR & OUTDOOR DINING

As a precaution, **we have paused our restaurant service in Alonzo's and on the Granada Patio**. This is a short-term measure, and we look forward to resuming indoor and al fresco meal service in the near future.

SONORA UPDATE:

Routine testing of both residents and employees who work at Sonora continues. There are no new positive cases to report.

NEW GUIDANCE URGING PEOPLE TO STAY HOME:

As the Thanksgiving holiday approaches—and we experience a surge in cases across the country to unprecedented numbers—we ask you to limit travel as much as possible. We urge residents and employees alike to consider staying at home and only leaving for essential activities, which include visiting the pharmacy and buying groceries.

“To lose patience is to lose the battle.” ~ Mahatma Gandhi

We are in this together and know that mitigating COVID-19 is a group effort.

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director

COVID-19 UPDATE

GOOD *health* IS A GROUP EFFORT

LET'S KEEP EACH OTHER SAFE BY PRACTICING THESE CDC TIPS!

MAINTAIN PHYSICAL DISTANCING.

Keep at least 6 feet of space between yourself and others.

WEAR MASKS AS REQUIRED.

Keep your nose and mouth covered around the community and on the grounds.

WASH YOUR HANDS OFTEN.

Use soap and water for at least 20 seconds or an alcohol-based sanitizer.

COVER YOUR COUGH OR SNEEZE WITH A TISSUE.

Discard the tissue in the trash and wash your hands.

STAY HOME WHEN YOU ARE SICK.

Prevent spreading illness to others.

THANKS FOR DOING YOUR PART!
