

COVID-19 UPDATE

August 12, 2021

Dear Employees of Splendido,

We wanted to inform you that we learned yesterday that **an employee in Independent Living tested positive for COVID-19**. We wish them a speedy recovery.

Please know that we will continue to monitor state and local COVID-19 trends, as well as take necessary precautions to protect those who live and work at Splendido. We are not making any changes to current protocols at this time.

We are still testing Sonora residents and staff twice a week, and will do so for one more week, or until there are no new cases for 14 days.

Thank you for helping to keep our community safe by

- continuing to live a **low-risk lifestyle**, including avoiding large gatherings
- practicing **physical distancing** (no closer than 6 feet away for no more than 15 minutes)
- practicing **good hand hygiene** by washing your hands frequently for 20 or more seconds
- **wearing a mask** that covers your mouth and nose when you are outside of your home

In the event of a known exposure, symptoms of COVID-19, or if you have tested positive for COVID-19, **please stay home**. If you experience any symptoms, including a loss of taste or smell, cough, fever, chills, muscle pain, headache, sore throat, shortness of breath, pink eye, eye pain, vertigo, and gastrointestinal issues such as diarrhea, nausea, or vomiting, please immediately reach out to your physician and notify your manager or your Human Resources representative.

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director
