

COVID-19 UPDATE

September 16, 2021

Dear Employees of Splendido,

We wanted to inform you that we learned today that **an employee who works in Sonora tested positive for COVID-19**. We wish them a speedy recovery.

Splendido is interviewing this individual to determine if he/she was in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes). Anyone identified as a close contact will be tested twice a week for a minimum of 14 days.

SONORA UPDATES:

Sonora residents who are vaccinated and have no symptoms do not need to isolate, and **programs and dining will continue as scheduled. Visitation will also continue as normal**, except for any residents placed on isolation due to their vaccination status or COVID-19 symptoms. **All visitors are reminded that face masks are required for the duration of each visit.**

FEELING ILL? STAY HOME!

If you have any COVID-19 symptoms, or have been around others that are sick with symptoms, please don't come into work.

COVID-19 symptoms include a loss of taste or smell, cough, fever, chills, muscle pain, headache, sore throat, shortness of breath, pink eye, eye pain, vertigo, and gastrointestinal issues such as diarrhea, nausea, or vomiting. **If you experience any of these symptoms, or have been in contact with someone who has symptoms or has tested positive for COVID-19, please take these steps:**

1. **Call your manager or your HR representative** to discuss your status.
2. **Get tested for COVID-19.** You can find a testing site at webcms.pima.gov/cms/One.aspx?portalId=169&pageId=575060.
3. If you are ill, **call your personal physician.**

Please continue to help protect the health and safety of everyone who lives and works in Splendido.

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director
