

COVID-19 UPDATE

September 16, 2021

Dear Splendido Residents,

We wanted to inform you that we learned today that **an employee who works in Sonora tested positive for COVID-19**. We wish them a speedy recovery.

Splendido is interviewing this individual to determine if he/she was in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes). Anyone identified as a close contact will be tested twice a week for a minimum of 14 days.

SONORA UPDATES:

Sonora residents who are vaccinated and have no symptoms do not need to isolate, and **programs and dining will continue as scheduled. Visitation will also continue as normal**, except for any residents placed on isolation due to their vaccination status or COVID-19 symptoms. **All visitors are reminded that face masks are required for the duration of each visit.**

WEAR YOUR MASK INDOORS:

Residents throughout Splendido can help with infection control in our community by continuing to wear a mask that covers their nose and mouth while you are in any indoor spaces, including hallways and the main entry area.

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director
