

COVID-19 UPDATE

January 17, 2022

Dear Employees of Splendido,

We wanted to inform you that we have learned that **one employee in Sonora and one resident in Sonora have tested positive for COVID-19**. Note that this is our first time reporting these cases; these have not been reported in a previous letter. We wish these individuals a speedy recovery.

Splendido is interviewing these individuals to determine if they were in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes).

COVID-19 TESTING FOR SONORA EMPLOYEES:

Because Sonora is in outbreak status, all employees who work there will continue to be tested for COVID-19 twice a week. This will continue until there have been no positive cases for 14 days.

DO YOU FEEL A COLD COMING ON?

Please stay home and do not come in to work if you are feeling ill. Even mild, cold-like symptoms could be COVID-19. Even if you are fully vaccinated, you can still spread COVID-19 to others, so please “stop the spread” by not coming to Splendido if you have reason to think you are ill.

If you are experiencing any symptoms of COVID-19, or if you have tested positive, please reach out to your HR representative.

Please be assured that the health and well-being of residents and employees is our top priority. We will manage through this surge together and keep you informed along the way.

Sincerely,

James C. Edwartoski, AVP & Executive Director

FEELING SICK? STAY HOME!

Please stay in your home if you feel ill—even with mild, cold-like symptoms.
