

COVID-19 UPDATE

January 23, 2022

Dear Splendido Residents,

We wanted to inform you that we have learned that **an employee who works in Independent Living has tested positive for COVID-19**. We wish this individual a speedy recovery.

Splendido is interviewing this individual to determine if they were in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes).

MONITOR FOR COVID-19 SYMPTOMS:

With COVID-19 symptoms surging in our area, it's important to monitor yourself for symptoms of COVID-19, which includes a loss of taste or smell, cough, fever, chills, muscle pain, headache, sore throat, shortness of breath, pink eye, eye pain, vertigo, and gastrointestinal issues such as diarrhea, nausea, or vomiting.

If you are experiencing any symptoms of COVID-19, or if you have tested positive, please reach out to your physician, and let the Concierge know.

We continue to practice our infection prevention protocols throughout Splendido. We're committed to keeping residents and staff healthy, and believe that everyone's continued efforts are the most effective way to minimize the number of cases here.

Thank you for all you're doing to keep our community safe!

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director

PS: Please note that this letter is being shared with all residents' current emergency contacts.
