

# COVID-19 UPDATE

January 6, 2022

Dear Splendido Residents,

We wanted to inform you that we learned today that **an employee in Independent Living has tested positive for COVID-19**. We wish them a speedy recovery.

Splendido is interviewing this individual to determine if they were in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes).

## **WHAT YOU CAN DO TO HELP STOP THE SPREAD:**

As we're sure you're aware, COVID-19 is surging again in the Tucson area, fueled by the highly contagious Omicron variant. In addition to frequent hand washing, maintaining social distance, and avoiding large gatherings—residents can help control the surge of COVID-19 in our community by

- **Staying home if you are sick, even with mild, cold-like symptoms.**
- **Wearing a face mask at all times when you are outside your home.**

Take care and stay well.

Sincerely,

James C. Edwartoski  
AVP & Executive Director
