

# COVID-19 UPDATE

July 11, 2022

Dear Splendido Residents,

We wanted to inform you that we have learned that **an employee who works in Independent Living has tested positive for COVID-19.** This is a new case, not previously reported. We wish this individual a speedy recovery.

Splendido is interviewing the individual to determine if they were in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes).

Take care and stay well.

Sincerely,

James C. Edwartoski  
AVP & Executive Director

*PS: Please note that this letter is being shared with all residents' current emergency contacts.*
