

COVID-19 UPDATE

August 8, 2022

Dear Splendido Residents,

We wanted to inform you that we have learned that **two Independent Living residents have tested positive for COVID-19**. These are new cases, not previously reported. We wish these individuals a speedy recovery.

Splendido is interviewing the individuals to determine if they were in close contact with residents and/or other employees (meaning within 6 feet of anyone for more than 15 minutes).

PLEASE WEAR A FACE MASK:

COVID-19 transmissions remain a matter of concern in our part of Arizona, and wearing a face mask is a simple measure to protect yourself and prevent the spread of the current, highly contagious variant of the virus.

Please wear a mask whenever you are outside your home and in the community spaces at Splendido.

If you experience any symptoms of illness—even mild signs of a cold or allergy—we strongly encourage you to stay home and avoid spreading any illness you may have. **If you think you have COVID-19 or were exposed to COVID-19, get tested. And if you test positive, please inform the Concierge.**

Take care and stay well.

Sincerely,

James C. Edwartoski
AVP & Executive Director

PS: Please note that this letter is being shared with all residents' current emergency contacts.
